

Annex | Changes as of January 1, 2023

Packages

- Flexible day care will cease. As of 2023, we will only offer care on a fixed-day basis.

Conditions

Vacation care bso

- Vacation care at the bso can only be purchased as a separate package for children from grade 6 who have previously used after-school care. For all other children, separate vacation care can only be purchased in combination with the bso52,- 49- or 40-week package;
- We can only grant a request on account, and therefore not on credit, based on availability. This means that a place is not guaranteed regardless of your application deadline.

Absence credit

- Absence credit is now valid within daycare and bso for 90 days instead of 365;
- Absence credit at the bso that is accumulated during school weeks can also only be used during school weeks (no longer during vacation weeks).

Rules

- On Christmas and New Year's Eve, all locations will close at 5 p.m. As these evenings fall on a weekend in 2023, this will not be an issue until 2024;
- Dates that we know from experience are usually quiet (the day after Ascension day, for example), we reserve the right to combine groups or locations in advance.
